The RE Story of Stone

1

Quarry-direct relationships managed by strategic sourcing team to optimize quality and pricing. 3

First-rate cut-to-size (pre-fabricated) Standard Operating Procedures built on 20 years of best practices. 5

Worldwide logistics partners and insured, localized storage offering. 7

Republic Elite has the largest field team in the United States.

2

Factory qualification inspection via global inspection service company, ensuring a high quality product. 4

Team of construction specialists supervise the shop drawing and ordering process.

6

Pre-staged delivery synchronized per customer construction schedule reduces theft, breakage, and the amount of space taken up at job sites.
